TO CONSUMPTIVES.

The advertiser, having been restored to health in a few weeks by a very simple remedy, after having suffered for several years with severe lung affection, and that dread disease Consumption, is anxious to make known to his fellow-sufferers the means of cure.

To all who desire it, he will send a copy of the prescription used (free of charge), with the directions for preparing and using the same, which will find a sure cure for Consumption, Asthma, Bronchitis, Coughs, Colds, and all Throat and Lung Affections. The only object of the advertiser in sending the Prescription is to benefit the afflicted and spread information which he conceives to be invaluable, and he hopes every sufferer will try his remedy, as it will cost them nothing, and may prove a blessing. Parties wishing the prescription, name, by return mail, will please address
REV. EDWARD A. WILSON,
may 9-1y Williamsburg, Kings Co., N. Y.

ERRORS OF YOUTH

A Gentleman who suffered for years from Nervous Debility, Protrusion of the Eye, and all the effects of youthful indiscretion, will for the sake of suffering humanity, send free to all who need it, the receipt and directions for making the simple remedy by which he was cured. Sufferers wishing to profit by the advertiser's experience, can do so by addressing, in perfect confidence, JOHN B. OGDEN,
may 9-1y 42 Cedar Street New York.

The Election.

To-day the election for Governor takes place, and the people of Tennessee were certainly never taxed with a weightier responsibility to themselves and posterity, than that now resting upon them. The work to be accomplished should call forth the effort of every patriotic citizen. Let every man who can do so, vote; and if he is disfranchised, let him use his influence with others. Keep cool and collected. Do not molest any one, and do not be intimidated. Claim your rights, and maintain them, being careful, at the same time, to trespass upon no one's. Let no angry discussions occur, and resolve that the peace shall be kept. We can win in this election, if we are but true to ourselves. From East Tennessee comes glorious news—shall the Middle Division by sloth and inattention permit Etheridge's defeat? God forbid! and may He defend the right!

We hear it reported on the streets, that Mr. J. M. Russey is no longer President of the Winchester and Alabama Railroad. The story runs that Mr. Russey formally returned the Road to the custody of the State, resigning his position as President, and requesting to be appointed Receiver. The Road was received, the resignation accepted, Mr. Davenport appointed Receiver, and Mr. Russey left out in the cold. The change of management will not cause any great amount of grief in this county.

Hagan's Magnolia Balm, for beautifying the complexion may be found at Smith & Blake's.

The Ticket to Vote!

The following is the ticket that is to hurl old Brownlow from his throne, and restore peace and fraternal feelings to Tennessee. To the colored people particularly we would say, vote this ticket and you will sustain the people among whom you have been raised, who are now giving you the employment that secures you a living, and among whom you expect to be buried. Remember, you make life-long friends by voting this ticket:

For Governor,
EMERSON ETHERIDGE.

For Congress,
EDMUND COOPER.

For Superintendent of Public Instruction,
CHARLES S. CAMERON.

For State Senator,
F. A. LOUGHMILLER.

For Representative,
CHARLES W. STEWART.

For Floater,
JUSTIN D. TOWNER.

We have had a superfluity of rain this season, yet the storm of last Friday night and Saturday was one of the heaviest and most extraordinary. If some provision could have been made for those climates which never have any rain to emigrate in this direction this summer, what a blessed thing it would be for their arid soils and dried-up populations! We could spare conveniently almost any amount of superfluous moisture. Where all the rain comes from and where it all goes, about this region, is a mystery. We have enough to supply the world almost.

A squad of Brownlow's militia came to this town last Thursday, and up to this writing, as far as we have learned, their conduct has been unexceptionable. Of course, we don't like to see them here; their presence would seem to justify the conclusion that we are a suspicious community—which we are not. But then we suppose that they are not censurable for coming—they were sent—and we can but repeat that they have been quiet and orderly, molesting no one in person or property.

A gentleman from Kentucky informs us that many citizens—people of moderate means—"good livers," as we call them—from Alabama, Georgia, and South Carolina, are settling in that State. They came to Tennessee first, examined the country, liked it, and preferred remaining here, but the possibility of a continuation of Brownlow's despotism induced them to select another home, where white men had some rights that were respected.

Sales of Land!

Executors, Administrators, etc., who may desire their advertisements of land sales to appear in the OBSERVER, will have their wishes complied with, we suppose, by mentioning their desire to the Clerk of the Court, or the attorney having charge of the case.

Mrs. Joel Commons has kindly submitted to our inspection two cucumbers that excel in size any we have ever seen. The largest measured nearly 18 inches in length, and about three-fourths of a foot in circumference! Mammoth, isn't it?

Sale before our Next.

By the Clerk and Master, to-day, the 1st, a tract of land in the 5th district.

The terms in detail of Mrs. Holman's school, may be found in our advertising columns this morning.

See new insolvent notice in this paper.

The West Tennessee Whig says, most aptly: "When a preacher turns hypocrite he can be meaner and go further into sin than a man from any other class of society. As an illustration of the truth of this, look at the wicked acts of our 'Reverend Governor.'"

It is said that political reaction in public sentiment against Radicalism is more strongly marked in Massachusetts than in any other Northern State.

As great a liar as Brownlow is, he don't belie his looks.

BE ON YOUR GUARD,

against the imitations and counterfeits of HOSTETTER'S STOMACH BITTERS, which the PHARISEES who make a dishonest living, by preying upon the sick and suffering, are now endeavoring to flood the markets of this country. Whenever these poison-mongers are discovered they are immediately prosecuted by the proprietors, who expend thousands of dollars annually in tracing them out and bringing them to justice. Within a short time injunctions have been obtained in the Courts of the United States against a number of individuals and firms, and suits are now in progress against several others, all of whose names will be given to the public. But in spite of the most vigilant and activity of their detective agents, the undersigned are of course unable to protect the public entirely against piratical imitations of a Standard National Tonic, everywhere in request, and as readily convertible into cash as United States Bonds or Treasury Notes. They, therefore, as a measure of precaution, direct attention to the fact that a finely engraved label, representing St. George and the Dragon, and a beautiful proprietary stamp, bearing the official endorsement of the Government, appear on every bottle of the genuine BITTERS. The article is further authenticated by a miniature note of hand, with the signature of "Hostetter & Smith," to counterfeit which is a state prison crime. The true BITTERS are sold in bottles only, and never in bulk.
